

Children's Outside Play Provision

The Nursery encourages staff to share the outside play facility between rooms.

Staff organise a suitable timetable within their own rooms that has two specified $\frac{1}{2}$ hour play times (see room timetables). Staff are encouraged to be flexible with this playtime to take full advantage of children's interests and spontaneity of EYFS planning.

Staff should always check with other rooms if they want to change their playtime or have joint playtimes.

The play facility is generally used:

Mornings: 10.00 - 11.50 am

Afternoons: 2.30 - 4.00 pm (extended in Summer months)

The play facility can generally be accessed outside of these times if staff request this. Senior management need to be kept informed if the play facility is used before 10.00 am or after 4.00 pm so that necessary arrangements can be adapted.
