

The Lyme Nursery

Photographs of Nursery Children

The children participate in a variety of activities throughout the day, and photographs allow us to share these moments with you. The Nursery has two cameras which are used to take photographs for this purpose.

Staff are not permitted to use their mobile phones to take photographs of Nursery children.

Any photographs taken during the day will be used only for display within the Nursery, or within the child's development pack. Every parent and carer is required to sign a photographic permission slip prior to joining the Nursery.

If it is your wish for your child **not** to have their photograph taken, we will ensure that this is respected at all times. We have a professional Photographer visiting the Nursery twice a year. We will notify you of these dates at least one month in advance, to give you the opportunity to decide whether you would like your child to participate.

✂

Photographic Permission Slip

As parent / carer / guardian of (Child's name)

*I give / do not give permission for photographs to be taken of my child, both singularly and in a group environment. I understand that these will only be used for classroom displays and within my child's development pack.

As parent / carer / guardian of (Child's name)

*I give / do not give permission for photographs of my child in a group situation to be placed within other children's development packs.
