

The Lyme Nursery

Complete Nursery Day Care
and
Early Years Learning

Dear Parents, slippers please :-)) I know I always mention the weather in the newsletter and now it's time we talk about the end of Summer (potentially). With the wet weather returning and leaves falling off the trees we'd like to request that children bring in a pair of slippers that they can keep at Nursery so that in a morning they can take off their wet shoes and put on a pair of their comfiest indoor shoes that will keep their little feet warm. Please please please can you put their name in them to help us keep track of wandering slippers! Many thanks for this, Mandi.

Who's who here at Nursery - Mr Richard Vernon, Managing Director

Richard moved into The Lyme School (as it was then known) in September 1997, sadly during the weekend of Princess Diana's fatal accident. He is the 4th owner of the company which was set up, we believe in 1943. The company became Ltd in 2013 with Richard becoming Managing Director. The constant flow of word-of-mouth recommendations and new business led to the addition of No. 96 next door enabling fresh space for support staff and thereby adding more children based rooms in the main Nursery building, No. 94. After an initial 25 years in high school education, Richard clocked up another 25 years in September '23 with an entirely different audience - Early Years, his preferred 2nd quarter century, as he moves now into his 3rd chapter. In addition to the above, "Chicken Burner", "Mr Burning" and "Mr Burn" as the children love to call him

happily adopts the role as Santa Clause each Christmas dressing up and delivering every child a present via his Santa helper. He rings his bell telling the children that all of the reindeer are waiting for him on the roof! He tells them that Rudolph is calling! We love you Mr Vernon!

OUTDOOR PUSHCHAIRS/PRAMS

We're more than happy to keep them here for you during the day but PLEASE can you put a rain cover over them before you leave. We've got more and more pushchairs here but don't unfortunately have the space to store them here inside. Many thanks in advance.

TODDLERS/JUNIORS/SENIORS - ROOMS JOINING

We just wanted to let you know that since the leavers and room moves in September took place the numbers in the above rooms changed and reduced on certain days. For a short term period we will be joining two of the rooms occasionally to keep within ratio, but also allowing children to mix with their friends. We will resume to normal classrooms every day very soon and will keep you all informed. To be honest, they actually love to enjoy a variety of activities all together!
