

The Lyme Nursery

Complete Nursery Day Care
and
Early Years Learning

Dear Parents,

I think I jinxed the last newsletter when mentioning how glorious the weather has been over the past few months. Hope you've all got your umbrellas ready for this weekend? However, as we all know, children really don't care. I was talking to one of our parents this week who said that last weekend her children donned their wetsuits and wellies and went out on a big family, rainy, wet, puddle jumping walk ... just like Peppa Pig! Now there's an idea and it's free! Have fun, Mandi.

Who's who here at Nursery - Louise, Finance Manager/Nursery Secretary

We welcomed Louise to the Nursery family last month. Having received several weeks of intense training from Vera, Louise is now confidently going solo! However, with a professional qualification degree in Accountancy and Legal Studies, plus over 20 years experience in the finance background Louise will easily sail through adjusting to her new role in the Nursery. Although Louise has never worked in a nursery environment, she is more than experienced in childcare having three children of her own aged 8, 7 and 4 years. Louise has already been around the Nursery, meeting and greeting staff and children. It's been lovely to hear them all shout "Hello Louise" and give her a big wave. If you have any queries relating to your account/invoices or funding please feel free to call or message Louise and she'll be more than happy to help you. Once again ...welcome to the team.

DIARY DATES:

Wed 26th July - Nursery Sports Day

(Wednesday children only and weather permitting.) We will take as many photos as possible so that parents can see what their child has been up to during the day and we'll also post on Facebook. We do apologise to non-Wednesday children but it would be far too unsafe to have over 80 children in the Nursery in one go. This is why we do try and vary all of the fundays over different days so that everyone has the opportunity to be involved in a special type of Nursery day.

Mon 28th Aug - Bank Holiday - closed.

SEPTEMBER GRADUATES:

It's started :-)

The time has once again come when we start to say good-bye to some of our older children who leave Nursery to go to school. They've had their taster sessions now and some teachers have visited us to see how they are here. The children are excited, but parents and staff are quite the opposite. We would keep the children here until they are 16 years if we could! Other parents who feel excited but anxious at the same time are those whose children are moving up to the next group in September. We make all transitions as smooth as possible. Spaces do become available though, so if you have friends or family that want to come and look around we'd love to show them our beautiful setting.

Invest ... in the best!
