and
Early Years Learning*

Dear Parents/Guardians,

Wow - March is here already. Doesn't seem 5 minutes since Christmas. We were hoping that the weather would start to pick up now, but the forecast for next week doesn't look good from what we've seen on the weather forecast. Traffic chaos probable if we get an inch of snow! Mind you, the children love it, so let's focus on that and see who can build the best snowman! If it happens and you do build a snowman send us a picture, we'd love to see your creations. Mandi

Who's who here at Nursery - Tori, Level 3 Modern Apprentice

Tori's smile says it all - this is Tori. Happy, happy, happy. Tori has worked at the Nursery since January 2020. She has an amazing connection with all the children. No matter what room Tori works in, she engages with every child at their level. She gives parents a wonderful handover at the end of the day explaining every single thing their child has done and how they've made her laugh. Tori had a maternity break from the Nursery in 2021 to have her own baby, returning along with her son in 2022. Once when Mandi was in the hallway talking to prospective parents Tori appeared from the Toddler room with a completely green face - she'd let the children paint her! It was wonderful and just showed what it's like working at the Lyme Nursery. Well done Tori x
