

The Lyme Nursery

Complete Nursery Day Care
and
Early Years Learning

Dear Parents,

As you may already know, before Covid we had 6 classrooms open. Covid hit and we were down to 3. We quickly grew to 4 and then this time last year we were celebrating re-opening our 5th. One year on and we are now re-opening our final 6th classroom. What an amazing year! Tours and visitors absolutely love our nursery, our garden, but mostly our staff and seeing our babies and children having the best of times. Your children interact so much with visitors - they help to make new parents make the easy decision of choosing us. We know that you all recommend the Nursery to friends and family, so from us all, thank you. Mandi.

Who's who here at Nursery:- Jessica - Early Years Practitioner Level 3

Jessica joined the Nursery team last month working with various groups around the house. Having completed her Teaching Learning and Support Level 3 qualification predominantly during Covid, Jessica was able to do a 6 month placement in a Nursery setting shortly after lockdown. When asked why she wanted to work with children, her response was, "I've wanted to work with children from a young age as I am a nurturing person and want to help children along their journey of life and be a source of positivity and comfort. I also want to be a positive role model for them to look up to and learn from. I really enjoy artwork, painting and lots of messy play, this allows the children to use their creativity". Jessica is also a big animal lover, completing her Animal Care Level 2 qualification and working at Pets at Home. What an all-rounder you are Jessica - it's so lovely to have you on board with us, keep up the good work!

STAFF UPDATE:-

Unfortunately, this month, due to personal circumstances Beth from the Toddler group left the Nursery. The staff, the children and parents were all very fond of Beth and would like to wish her all the best for the future.

Due to Beth's recent departure, and with immediate effect we inform you that Chelsey will move into the Toddler room working closely and under the supervision of Chloe. Chelsey, who has worked at the Nursery for 12 months, predominantly in Babies does know and interact with all of the children around the Nursery, as they do with her. Any questions, please do call me. Sabrina
