

The Lyme Nursery

Complete Nursery Day Care
and
Early Years Learning

Dear Parents/Guardians,

"Snow, snow go away—come back another day!" Although the children absolutely love it! We hope you have all been safe travelling this week in the wintery weather. It's so lovely though to hear the stories of children enjoying the winter fun, making snowmen and, basically just being kids! What better than to put your wellies and snowsuit on and stomp about on the white carpet, crunch, crunch, crunch. Please ensure you send your child in with their winter clothing—we will risk assess whether or not it's safe to go out and if we can we will! Take care, Mandi

Who's who here at Nursery - Maria, Team Leader, Babies

Mary Poppins is what we call our Maria. If only she had an umbrella, long coat and a huge bag! Constantly smiling, constantly singing, constantly with a baby attached to her—Maria is just a wonder-woman, making every single one of our babies happy. Since 2016, Maria has enjoyed spending time in all of our groups and all of our groups have enjoyed having Maria spending time with them. Maria has such a natural connection with every child. Parents adore her too, knowing that when they drop off, their child is going to have such a good day in the hands of Maria and her team. Even on Nursery tours, parents with babies are more than happy to leave their baby with the group whilst they have a thorough visit of the whole Nursery.

Keep on being you Maria—we love you!

ROOM OPENING—JUNIORS!

We are so excited to inform you that we are planning to re-open our Junior group in the coming months! For those of you who weren't aware, prior to Covid, we had a group for our 2½ - 3 year olds on the upstairs floor. Since January, and our influx of children, in addition to our baby group, we re-opened the Tiddler room downstairs (18 months—2 years), Toddlers will be for 2—2½ years and then the Juniors 2½ - 3 years. Finally, Pre-school will continue to be the over 3's. We'll be contacting all parents next week whose child is involved in any of the transitions. It's important to us that you and your child are comfortable with the room moves. Any queries please do let us know we would be more than happy to answer any questions you may have.

PARKING/TRAFFIC OUTSIDE OF NURSERY

It has been brought to our attention that some parents are performing 3 point turns outside of Nursery and causing potential hazards to pedestrians—in particular our children and their parents/families. Especially on these dark wintery nights, could we please ask that everyone takes extra special care when wishing to turn around on Lancaster Road. There is a turning point further down the road towards the residential area should anyone wish to change direction. We appreciate your co-operation with this matter.

Invest ... in the best!
